# About US

Hello, my name is Sara, I have been working in the aesthetics field since 2012.

In 2018 I created Sara Beauty without knowing what the future would hold. The only thing I was certain about was my love for aesthetics and for caring for others. Sara Beauty is a part of me—it's my dream brought to life, and something I'm deeply proud of. Today, my main purpose is to support each client's self-esteem and confidence by offering personalized, responsible treatments aligned with their individual needs.
